## ... 5th Anniversary

Dear Readers,

*Homoeo Times celebrates its 5<sup>th</sup> Anniversary on 1<sup>st</sup> January 2009. The journal on clinical evidence was founded in January 2004 with few hundred subscriptions has grown in thousands now. We thank all our readers for giving immense support and strength to our untried work for the development of homoeopathy.*

*Publication and delivery of the journal has been very prompt, copies have been posted on every last day of the month without fail. The new concept in journalism, bringing the inert skills of practitioners and students, Research articles with Evidence Based Medicines, Quiz contests have made interesting reading and the contents have satisfied every body.*

*We are planning to introduce new themes and topics from the January 2009. We constantly receive letter from readers to reduce student's submissions and republish the old articles from pioneers. As a policy we have decided to give support to students and practitioners equally and encourage them to bring out their inert skills. We have also decided to publish the papers that were submitted originally and exclusively for Homoeo times.*

*We are hosting a practical workshop for the students and practitioners, which would give practical guidelines for their practice as a first step. We have limited the participants to 250 so as to interact in a better way with every body. We hope this would be a real scientific forum for the participants. A separate public awareness program is also planned with limited capacity of 50 couples.*

*We are very happy to share our happiness and thank one and all for giving immense support to us.*

With regards

Dr.R.Gnanasambandam
