...a seminar on
infertility

Dear Readers,

We are grateful to all contributors for submitting their contributions on Dynamics of Staphysagria. This issue also has a special focus on launching of state campaign on Homoeopathy for mother and child care in Tamil Nadu.

We also covered the workshop on healthy mother and happy child held in conjunction with the program. Every one appreciates the government of India for launching an excellent campaign by which the potentiality of homoeopathy is being sensitized to allopathic physicians, policy makers, Journalists and Non governmental organizations.

Many states had launched this multimedia campaign at state level and the district levels no as to reach the grass root level. We must appreciate the efforts of the Department of AYUSH, Central Council for Research in Homoeopathy and National Institute of Homoeopathy. The officers connected with this activity excelled in their services.

Homoeo Times hosts a workshop on infertility at Chennai. This program is different from usual program. We focus on a workshop with a public awareness program. We screened the papers to cover the total utility to a practitioner which could enable them to enrich their knowledge in the field of infertility. The seats are limited to two hundred to enable everybody for interaction in a better way. Public awareness program is planned in a separate hall for male and female, followed by combined sessions with pioneers in the field.

We appreciate all participants for their active participation in quiz competitions. The final results are expected in the month of December 2008 and the prizes will be issued to the winners in the inaugural function of the workshop. We thank all readers for extending immense support to Homoeotimes.

With regards

Dr.R.Gnanasambandam
